ORGANIZATIONAL ORGANOGRAM

ACTION PLAN OF PIPHRO

PIPHRO has substantial experience of interaction with rural communities sharing and disseminating information on continuous basis. PIPHRO also possess profound experience in implementing development projects. The PIPHRO works at district Badin, especially coastal areas. Over past 10 years PIPHRO has achieved experience through its active involvement in wide range of development sectors as provided at succeeding section. PIPHRO has devised its action plan.

- **Health Care Program**

GOAL: The Health Care sector aims to improve the health of a rural population particularly of women and children. Specifically, it works to establish mother and child healthcare centers, Provide primary healthcare facilities, Provide immunization and vaccination, Educate the people on health, environment and population planning, Provide ambulance services to the COs, Train community health workers and traditional birth attendants (TBAs).

As the communities of delta lack basic facilities of education and health, PIPHRO is seriously involved in community development initiatives in education and health sector, by providing basic education and health facilities wherever these facilities are not available and supplementing government's facilities in both these sectors wherever such facilities are inadequate. Besides, PIPHRO is also actively involved in advocacy with the local, provincial as well as federal government to provide these basic facilities to the local communities.

- **Human Rights Program**

GOAL: The organization aims to promote the culture of peace & human rights taking necessary actions in preventing human rights violation and providing aid and assistance including legal aid to the victims of Human Rights violation, to help the individuals and groups striving to protect Human Rights, Peace and to establish Human Rights protection Houses for those who want legal aid and protection from political, religious, racial and social abuses. PIPHRO also trying hard to create commitment to social justice, equity, equality and nonviolence and to provide human rights education, legal aids and justice to the people at their doorsteps.

- **Community Organization**

GOAL: Community organization (CO) sector works to form self-reliant and independent community organization, male and female, for poverty reduction and sustainable development in rural areas. This sector is engaged in Formation of male and female community organizations, Promotion of participatory development and Linkage of COs with NGOs, government departments and donor organizations. Following table presents the achievement in community organization sector.

- **Human Resources & Gender Development**

GOAL: The Human Resources & Gender development sector aims to enhance the organizational and production skills of the COs and the staff. Its specific objectives are to Built the organizational and management capacity of COs, Develop social and production skills of CO activities, Train professionals and field staff in social mobilization, organizational management and filed research and promotion of community leadership.

- **Credit & Enterprise Development**

GOAL: The Credit and Enterprise Development sector aims to enhance socio-economic status of vulnerable groups through sustainable income generation's activities. It specifically works to Formation of male and female saving groups and mobilization of savings provide credit facility to the poor/vulnerable groups specially women. PIPHRO has continuous interaction with Khushali Bank for establishing its branch in District Badin for proper enhancement in the sector of Micro Credit Scheme, but can not successful upto now, despite various meetings and requests to concerned authorities. The branch has not established, however, PIPHRO has explore some other sources for example ECHO - European Unions Humanitarian Aid provided Rs. 1.00 Million for the Micro Credit Scheme regarding rehabilitation of flood affected areas of District Badin.

- **Advocacy and Networking**

GOAL: The Advocacy and Networking sector contributes to solve the social problems through awareness programs and information sharing among the COs, social activists, concerned citizens, civil society

organizations and government departments. The Advocacy & Networking specifically works to mobilize the public opinion for solving the social issues, Enhance the coordination and information sharing among the civil society organizations and the government departments.

- **Natural Resources Management**

GOAL: The Natural Resources Management (NRM) sector aims to promote conservation of land, water, forests and wildlife and help poor communities get income through their sustainable use. The NRM sector in its all activities can ensure that the COs link their socio-economic development programs with the conservation of natural resources. This sector can engage all COs for promotion of sustainable use of the natural resources. The NRM sector specifically aims for: Formation of Farmers Organizations (FOs) at distributory canal level, Educating farmers on proper use of agriculture inputs, Promotion of social Forestry, Livestock Rearing, Management and Marketing, Integrated Farming Techniques. Under the NRM PIPHRO is engaged in:

- Distribution of 5000 sapling of forest trees.
- Awareness on judicious use of land and water.
- Information sharing on water logging and salinity.

- **Formation of Farmer organization**

GOAL: The Out dated agricultural methods of cultivation and defaulted system of irrigation has seized the real growth of agriculture sector. PIPHRO intend to develop irrigation system on modern basis with the help of local growers as well as with government support. In this regard PIPHRO has established various farmer organizations.

- **Irrigation and Drainage Management**

GOAL: Irrigation back bone of the economy of Sindh, without considering the development and enhancement of this sector the dream of development can not be achieve. PIPHRO feels that without improving of this sector the area can not be developed properly, but the old system of the Irrigation and Drainage causes huge loss of natural resources and water. In this regard PIPHRO has started the formation for Irrigation and Drainage Management Committees for proper use of natural resources.

- **Disaster Management Services**

GOAL: The deltaic communities are vulnerable to the natural disasters. Especially the coastal communities of Badin and Thatta have been experiencing worst disasters in the form of floods, cyclones and droughts during the recent years. PIPHRO jointly with its partners including care International has been involved in relief, rehabilitation as well as disaster mitigation /management activities in the coastal districts of Badin. PIPHRO is also actively engaged in advocacy processes to sensitize the governments to ensure sustainable disaster management plans for the disaster prone areas.

- **Research, Information Dissemination & Publishing Services**

GOAL: PIPHRO is also engaged in participatory research on the natural livelihood resources as well as socio-economic and poverty related issues aimed at providing policy guidance/ recommendations in the sector. The research studies are also properly disseminated through conferences, seminars, workshops; publication of research papers .Besides, PIPHRO is also publishing a regular newsletter in Sindhi, Urdu and English which carry research reports and other community based activity reports.

- **Capacity Enhancing & Cultural Services**

GOAL: PIPHRO has adopted two-dimensional approach towards general education regarding community-organization relationship. The PIPHRO's Capacity Building Unit [CBU] is engaged in trainings to the local communities on natural resource management, organization management and other themes, on one hand. While its cultural group PIPHRO Theatre depicts and by this mean advocates the socio-political issues and educative themes of deltaic communities within as well as exterior the community.

- **Networking / Partnership**

GOAL: PIPHRO through its participatory community development approach has created linkages and partnerships a number of civil society organizations and networks in Pakistan as well as aboard. PIPHRO receives technical as well as logistic support in its struggle for sustainable livelihoods, mass awareness, advocacy, and community development and disaster mitigation / management activities from its partners.

CURRENT RUNNING ACTIVITIES

❖ Legal Aid & Assistance: Madadgar Helpline

After the completion of the project titled “Madadgar Helpline” of Law & Justice commission of Pakistan, Supreme Court Islamabad, and PIPHRO has continued the Helpline centers at Nindo Shaher & Badin offices to provide legal assistance to the victims of human rights violations.

❖ Information Network Centers (for women)

PIPHRO since its inception has been running 2 Information center for women in Village Bolo Mallah and village Datu Jat.

❖ Primary Girls Schools

PIPHRO is running two schools on self-help basis one at village Bolo Mallah, U/C Nindo shaher District Badin. Second at village Datu jat U/C Nindo Shaher Taluka Badin District Badin. 67 students are getting education.

❖ Vocational Centre

Vocational Centre is running on self help basis in the Village Kario U/C Nindo Shaher Taluka Badin city. Currently 25 females are getting skills of sewing, designing & cutting.

❖ RH Education & Awareness

PIPHRO is engaged to organize seminars, workshops, walks and health Kachahrees in remote and undeveloped areas where people still live under sub-human conditions to enhance the basic awareness about hygiene, nutrition, contaminated & preventive diseases, maternal and child health care and infant and maternal mortality and morbidity.

❖ Polio Eradicate Campaign

PIPHRO is actively engaged to help the District Health Department and District Management to eradicate the diseases such as polio, tetanus etc.

❖ Live Stock Management Program

Live stock is the second biggest livelihood of peoples of District Badin, because Badin is more prone to disasters and for filling District of Pakistan so supply of irrigation water is very secrecy. So in the base of drought and low cultivation Live Stock remains only source of living for the people of area, but due to unawareness lot of Live Stock destroy due to various diseases. PIPHRO is engaged to improve this sector by providing linkages for vaccination and animal health awareness since long.
